

Automatic Flap Disc Machine 100-180 | 8 Station | Model SKFD08A

- Size of Main Frame: 1700 x 1735 x 1870mm
- Weight: 1200 kgs
- Voltage: 380V/50Hz or On Request
- Installed Power: 10KW + 3KW (Dust)
- Air Pressure: 0.7 ~ 1MPa
- Station: 8
- Control system: Delta PLC
- Motor: Delta servo motor
- Glue System: AIRTAC cylinder
- Number of Operator: 1
- Diameter Range of Disc: $\Phi 100\text{mm} - \Phi 180\text{mm}$
- Shape of Disc: T27 / T29
- Backing Type: Fiberglass / Plastic
- Output: 4000-4500pcs / 8 hours

Packing: Wooden case

Installation Term: Buyer offer round trip tickets, local accomodation and salary
